

PLEASE RETURN ALL PETITIONS TO: DAVID CARL 28 PRIMROSE LANE JIM THORPE, PA 18229

**Delaware River Shad Fishermen's Association  
Petition for Changes to Easton & Chain Dams**

We, the undersigned, are in full support of a change at both the Easton Dam and the Chain Dam to maximize the fish migration. By improving the fish passage, both the Leigh and Delaware Rivers will be healthier and more productive environmentally and economically.

We urge the possibility of creating a Pool & Weir fish ladder in the current vertical slot ladders or creating other improvements that will allow for successful migration of these import fish species.
